**D5 Ranges**

Made in the USA

# ***“WHAT WE SAY WE WILL DO.., WE DO”***

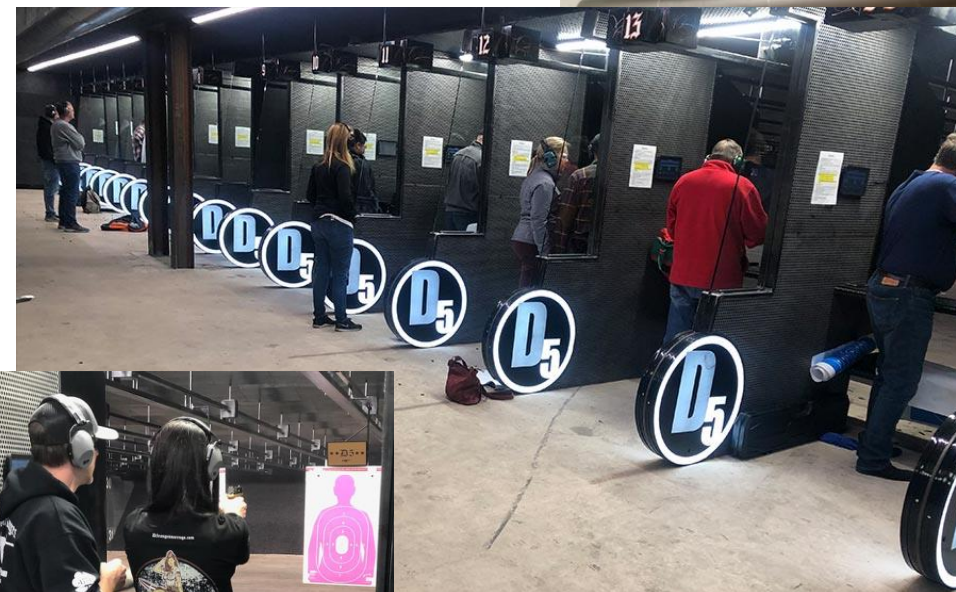

D5 Ranges has been serving civilians, police forces, and military bases across the county since 1997, with complete gun range solutions that encompass nearly all facets of production, from initial conception and design to fabrication, installation, and complete outfitting of ranges and shoot houses. Unlike many in the industry, who leave their clients searching for multiple contractors, we are a structural steel fabrication and erection company as well as a range outfitter and service provider, which allows us to completely immerse ourselves in the project from start to finish.

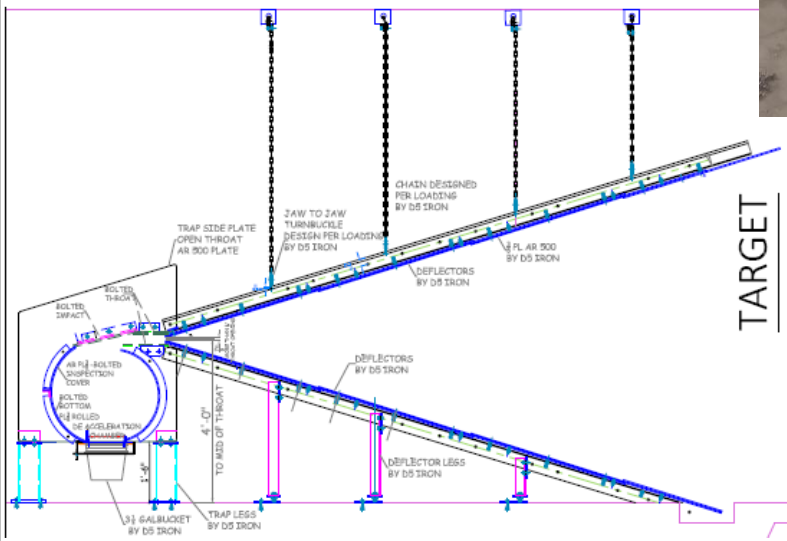

# INDOOR RANGE DESIGN / BUILD

- **Bullet Traps**
  - All Armor Plate
  - Rubber Granulate or Block
- **Ballistic Protection**
  - Safety Ceilings and Baffles
  - Combat walls
  - Shooting booth partitions
- **Targetry**
  - Target Retrieval Systems
    - Simple non-turning
    - Advanced programmable
  - Pop-up / Turning Targets
- **Accessories**
  - Sound Absorption
  - Specialized HVAC systems
  - Range control systems

# INDOOR RANGE DESIGN / BUILD

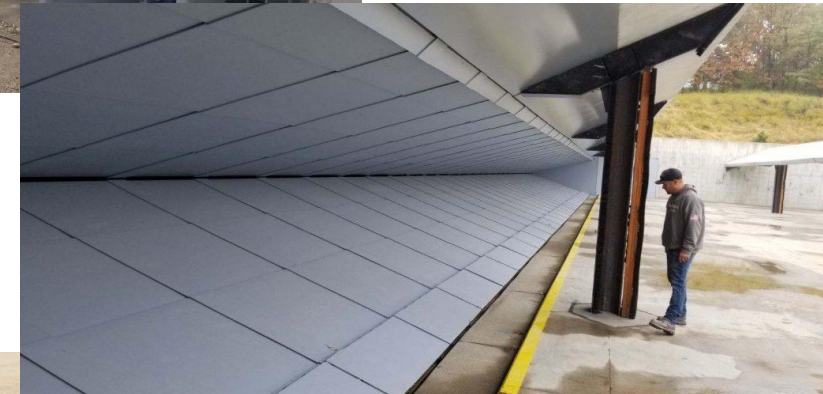

- **Bullet Traps**
  - All Armor Plate
  - Rubber Granulate or Block
- **Ballistic Protection**
  - Safety Ceilings and Baffles
  - Combat walls
  - Shooting booth partitions

TARGET

# OUTDOOR RANGE DESIGN / BUILD

- **Bullet Traps**
  - All Armor Plate
  - Rubber Granulate or Block
- **Ballistic Protection**
  - Safety Ceilings and Baffles
  - Combat walls
  - Shooting booth partitions
- **Targetry**
  - Target Systems
    - Simple 90° or 180° turning
    - Advanced programmable
    - Hit sensitive pop-up targets
- **Accessories**
  - Sound Absorption
  - Specialized HVAC systems
  - Range control systems

# COMPLETE TURN-KEY DESIGN/BUILD PROJECTS

## STATIC AND TACTICAL RANGE DESIGN

- Missouri Dept. of Conservation
  - Busch Memorial Ranges
  - Jay Henges Ranges

- U.S. DOE at Fort Chafee
  - Live Fire Shoot House

## RANGE ACCESSORIES

- **Targetry**

- Pop-up, Turning, Slicing, Vertical Rising
- Shot Scoring targets
- Triggers
  - (Motion, Light, Sound, Threat Neutralization, Instructor)
- Control Systems

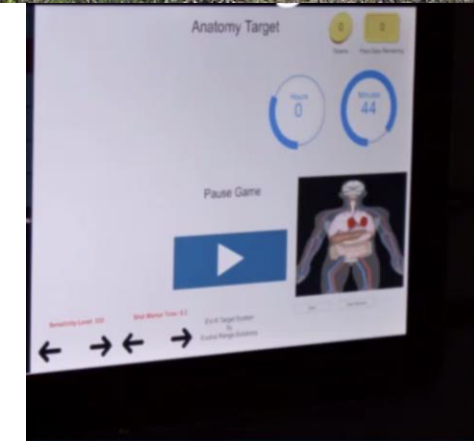

- **AAR (After Action Review)**

- Capture images and audio
- Event flagging
- Archiving / take home pkg

# RANGE ACCESSORIES

- SCT Target System can give the shooter instant round zone location feedback
- Evolve EV-R or Ti Virtual target systems fully integrated.

- Shoot Arteries
- Advertise on Lanes

# RANGE DESIGN BUILD CHECK LIST

- Programming Phase
  - Client interview/survey
  - Space Allocation
  - Activity/Use profile
  - Budget development
  - Project Management
  - Safety Plan
  - Execution Plan
  - Risk Management
  - Quality Assurance
- Design Development Phase
  - A/E firm selection
  - 35, 70 to 100% submittal's
  - Design approvals
  - Product/Equipment order
  - Preconstruction/Mobilization
  - Construction
  - Inspections/Punch List
  - Turnover
  - Maintenance

# FAMILY-OWNED BUSINESS FOR MORE THAN 30 YRS.
